| Assignment #:	2
Description:	EER Model
Students:	Nisse Bergman Jacob Molin
Repository URL:	https://gitlab.liu.se/nisbe033/db

Assumptions:

    1. An actor can also direct an episode, and vice versa.

Other comments...

Note:

1. This template contains two pages (EER Model, Relational Model, see the bottom of the editor window).
2. Fit each diagram on one page, preserve the page size.
3. Fill out the header at the top left corner on both pages.
4. Keep the diagrams clean, i.e. shapes and lines should not overlap, maintain optimal distance between the objects, etc.
5. Save a working copy as an XML .drawio file to be able to correct the diagrams in the future.
6. To submit the diagrams, they must be exported and uploaded to Gitlab as a PDF file (File->Export as->PDF->All pages).

Entity

weak entity

Attributes

multivalued attribute

Relationship

identifying relationship

key Attribute

part of key attribute

derived attribute

Total participation of E2 in R

Use this symbol ==> when showing subclasses

Fill in cardinalities by placing a text block and labeling it 1, N or M
